- Annette Reiff
Clinic Coordinator
- Michele Avery
CPAA Representative
- Dr. Sardar Tariq
Veterinarian

Taking a nap after surgery

Contact Annette Reiff for more information at 238-7318

OIC OFFERS THE UNEXPECTED

Tri-County OIC is well-known in the Harrisburg community as an adult education center. What isn't well-known is that OIC is also the site of free, monthly spay/neuter clinics for cats in low income households.

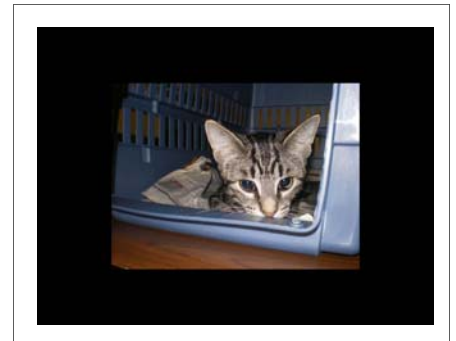

Begun more than 40 years ago, OIC today offers free GED classes and the High School Diploma Program, a partnership between OIC and the Harrisburg School District. GED classes are conveniently offered mornings, afternoons and

evenings every Monday through Thursday, along with Saturday mornings. OIC is also a GED testing site which is open to anyone.

The High School Diploma Program is another option for people interested in completing their high school education. The program offers independent study for students who test at certain academic levels and want the freedom to learn at their own pace and own style. Graduates receive a diploma issued by the

Harrisburg School District.

The free spay/neuter clinics are funded by several animal welfare groups for cats of low income residents in the city of Harrisburg. The free services include the spay or neuter surgery and distemper and rabies shots.

Wide awake and ready to go home.

FREE SPAY AND NEUTER CLINICS ARE HELD AT OIC MONTHLY

While dogs are not accepted at the clinics, free dog spay/neuter is also available to all Harrisburg city residents through private vets. Appointments for cat or dog spay/neuter

can be made by calling Tri-County OIC at 238-7318 or Castaway Critters at 831-5010.

Tri-County OIC is a vital and committed

member of the greater Harrisburg community whose goal is to improve the lives of all of its neighbors.
